

## VERSATILE

Versatile means being able to do many things well. Combining form and good design Feltex Tile is as versatile as you.

### Compatible

Like all good designs, the Feltex carpet tile provides a flooring solution for all commercial projects. From healthcare, retail, education, hospitality and office fitouts, to something completely outside the square, there is a Feltex carpet tile to suit.

### Innovative

Feltex Carpets has built a reputation for being a world leading manufacturer of commercial carpets & carpet tiles. Feltex carpet tile effortless installation & limitless possibilities brings innovation, durability, style and environmental credentials to a project.

## DURABLE

Manufactured from 100% nylon, with a 15 year limited warranty\*, Feltex carpet tiles are designed to last.

### Low Maintenance

Feltex Tile is easy to maintain. Damaged carpet tiles can be easily replaced in isolation without having to replace the full area. Worn carpet tiles can be rotated with those from low traffic areas, prolonging the life of the carpet.

### Hard Wearing

With Gem, Formation and Nocturnal carpet tiles all achieving Contract Extra Heavy Duty independent gradings and Cosmos and Element achieving Contract Heavy Duty gradings, you can be sure Feltex carpet tile is suitable for high traffic

## EFFORTLESS

Out of the box installation, means Feltex Tile can be laid quickly and with minimal fuss and disruption to working environments. With Feltex Tile there is no requirement for space clearance. Feltex Tile gives you the convenience of staged installation and the ability to lay in difficult and high traffic areas and around immovable objects.

### Accessible

With the flexibility of ordering per box, specifying Feltex Tile means minimal wastage. So you can deliver cost efficiencies to your clients.

### Efficient

Accessing floor cables is no problem with Feltex Tile. Simply remove the necessary tile and replace when cabling is complete.

### Easy

Feltex Tile is installer friendly. With four square metres in each box they are light to lift and easy to lay, especially in areas with restricted access.

## LIMITLESS

Feltex Tile can be configured as 1/4 turn, brick, ashlar or random patterns. For something different you can create feature patterns and borders around a room. The possibilities are limitless...

### Creative

Feltex Tile is designed with your creativity in mind. Mix and match styles and colours from the Feltex Tile range to complement your interior design. With Feltex Tile you can lay your imagination on the floor.

### Unique

Feltex Carpets has a team of experienced designers who can create a custom Feltex Tile especially for your next project. You create the concept, Feltex has the Tile.

## QUICKFIT™

Feltex QuickFit™ technology is a revolutionary new backing for carpet tiles. Feltex QuickFit™ tile flooring is able to be installed easily and quickly and in most cases requires no sealants and adhesives.

### Benefits of Feltex QuickFit™ tile

- Installation time is significantly reduced compared to other adhesive installation systems – simply lay the tile straight down onto clean and dry subfloors
- No need to prime or seal subfloors
- Little or no residue, resulting in less chance of damage to access and high quality floors
- More cost effective than traditional adhesive installation procedures that require primers and sealants
- No more waiting for wet adhesive to tack-off
- Repositioning or removal of laid tiles later is simple and easy
- Lift and replace tiles 2-3 times without any loss of effective adhesion
- Absence of PVC means off-gassing odours associated with floor sealants and adhesives are eliminated

### Suitable for most commercial facilities

Performing well in areas with normal foot traffic and light to medium wheeled traffic, Feltex QuickFit™ tile is ideal for offices, retail outlets, institutions and public spaces. Feltex QuickFit™ tile is suitable for most commercial facilities.
